SUMMARY

Motivated Computer Science Engineering student with strong interests in Software Development, AI/ML, IoT, and Full Stack Development. Passionate about solving real-world problems through innovative technology solutions and continuously improving technical and problem-solving skills through projects and practical learning.

EDUCATION

KLE Dr. M. S. Sheshgiri College of Engineering, Belagaum, Karnataka Bachelor of Engineering (B.E.) in Computer Science Engineering CGPA (Till 6th Semester): 6.45	2022-Present
Premier College of Science and Commerce, Baad, Karwar, Karnataka Pre-University Course (PUC)-Science Stream Percentage: 84%	2020-2022
Kendriya Vidyalaya, Arga Road, Karwar, Karnataka Secondary School Leaving Certificate (SSLC) Percentage: 75%	2019-2020

TECHNICAL SKILLS

- **Programming Languages:** C++, Java, C, Python
- **Web Technologies:** HTML, CSS, React.js, Next.js (Mongodb, Mysql, supabase), Node.js, Express.js
- **Cloud & DevOps:** AWS (S3, CloudFront, Route 53, IAM), Docker, Kubernetes, Jenkins, GitHub Actions, CI/CD Pipeline, Terraform
- **Tools & Platforms:** Git, GitHub, Postman, VS Code
- **Concepts:** Data Structures and Algorithms, OOPs, DBMS, Computer Networks, AI/ML Basics

PROJECTS

AI-POWERED FINANCE TRACKING PLATFORM

- Built a full-stack AI-powered finance management application with smart receipt scanning and expense categorization using Gemini AI.
- Implemented multi-account management, budget tracking, automated monthly financial reports, and real-time analytics dashboards.
- Integrated Clerk authentication, Supabase database services, Prisma ORM, Inngest background jobs, Resend notifications, and Arcjet security features.

PORTFOLIO WEBSITE DEPLOYMENT WITH CI/CD PIPELINE

- Built and deployed a responsive portfolio website using React, Vite, Tailwind CSS, and Framer Motion.
- Implemented automated CI/CD pipelines using Jenkins, GitHub Actions, and GitHub Webhooks for continuous deployment.
- Deployed the application on AWS S3 with CloudFront CDN and Route 53 for scalable hosting and global delivery.

CERTIFICATIONS

- Career Essentials in Generative AI by Microsoft and LinkedIn
- Supervised Machine Learning: Regression and Classification
- Introduction to Artificial Intelligence (AI)
- Foundations of Cybersecurity
- Python for Data Science, AI & Development

EXPERIENCE

- Awarded **Certificate of Leadership Excellence** for exemplary leadership and event management contributions.
- Served as **Co-Lead, Event Operations Team** for coordinating and executing technical event activities.

ACHIEVEMENTS

- Participated in **Google DevFest 2024** and explored AI tools, software development practices, and emerging technologies.
- Participated in multiple **24-Hackathons, Technical Events, and Coding Competitions**, enhancing problem-solving, teamwork, and real-time project development skills.
